INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Citizens' Oversight Committee
Bakersfield City School District
Bakersfield, California

We have audited the accompanying Balance Sheet, Statement of Revenues, Expenditures and Changes in Fund Balance and Statement of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual for the Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District as of and for the year ended June 30, 2009. These statements are the responsibility of the District's management. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit of the Proposition 39 General Obligation Bonds Measure G in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements for Proposition 39 General Obligation Bonds Measure G are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Proposition 39 General Obligation Bonds Measure G financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position and results of operations for the Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District as of June 30, 2009, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 25, 2009 on our consideration of the Bakersfield City School District's internal control over financial reporting and our tests of the District's compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of this audit.

PROPOSITION 39 GENERAL OBLIGATION BONDS
MEASURE G
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Accounting Policies

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and *Audits of State and Local Governmental Units* issued by the American Institute of Certified Public Accountants (AICPA).

B. Fund Structure

The Statement of Revenues, Expenditures and Changes in Fund Balance is a statement of financial activities of the Proposition 39 General Obligation Bonds Measure G Fund related to the current reporting period. Expenditures frequently include amounts for land, buildings, equipment, retirement of indebtedness, transfers to other funds, etc. Consequently, this statement does not purport to present the result of operations or the net income or loss for the period as would a statement of income for a profit-type organization.

C. Basis of Accounting

The Proposition 39 General Obligation Bonds Measure G Fund of the Bakersfield City School District is maintained on the modified accrual basis of accounting. As such, revenues are recognized when they become susceptible to accrual, which is to say, when they become both measurable and available to finance expenditures of the current period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered).

Cash in the County Treasury is recorded at cost, which approximates fair value, in accordance with the requirements of GASB Statement No. 31.

D. Budget

The Statement of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual includes a column titled “Budget”. The amounts in this column represent the budget adopted by the Board and all amendments throughout the year.

E. Capital Assets and Long-Term Debt

The accounting and reporting treatment applied to the capital assets and long-term liabilities associated with the Proposition 39 General Obligation Bonds Measure G are determined by its measurement focus. The Fund is accounted for on a spending or “financial flow” measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered a measure of “available spendable resources”. Thus, the capital assets and long-term liabilities associated with the Proposition 39 General Obligation Bonds Measure G are accounted for in the basic financial statements of the Bakersfield City School District.

NOTE 2 – BONDED DEBT

On November 7, 2006, the voters authorized the issuance and sale of general obligation bonds totaling \$100,000,000. On February 22, 2007, \$34,000,000 of general obligation bonds were sold under Proposition 39/Measure G which provides that proceeds of the bonds will generally be used for the acquisition, construction, furnishing, and equipping of District facilities. Interest rates vary from 4.00% to 5.25%. The final maturity is November 1, 2031.

The outstanding related bonded debt for the Bakersfield City School District at June 30, 2009 is:

Date of Issue	Interest Rate %	Maturity Date	Amount of Original Issue	Outstanding July 1, 2008	Additions Current Year	Redeemed Current Year	Outstanding June 30, 2009
2007	4.00-5.25	2032	\$ 34,000,000	\$ 34,000,000	\$ -	\$ 540,000	\$ 33,460,000

The annual requirements to amortize all bonds payable, outstanding as of June 30, 2009 are as follows:

<u>Year Ended June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
General Obligation Bonds:			
2010	\$ 710,000	\$ 1,570,838	\$ 2,280,838
2011	840,000	1,539,837	2,379,837
2012	440,000	1,514,238	1,954,238
2013	660,000	1,492,237	2,152,237
2014	815,000	1,462,738	2,277,738
2015-2019	5,010,000	6,771,587	11,781,587
2020-2024	5,745,000	5,565,056	11,310,056
2025-2029	10,850,000	3,565,750	14,415,750
2030-2032	8,390,000	643,000	9,033,000
Total	<u>\$ 33,460,000</u>	<u>\$ 24,125,281</u>	<u>\$ 57,585,281</u>

The bonds were issued at a premium of \$1,875,005 with issuance costs of \$752,162. The proceeds of the bond premium less issuance costs and the repayment of the debt related to the Proposition 39 General Obligation Bonds Measure G are accounted for in the District's Bond Interest and Redemption Fund which is part of the Bakersfield City School District's basic financial statements.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF THE BASIC FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Trustees
Citizens' Oversight Committee
Bakersfield City School District
Bakersfield, California

We have audited the Balance Sheet, Statement of Revenues, Expenditures and Change in Fund Balance, and Statement of Revenues, Expenditures and Change in Fund Balance – Budget and Actual for the Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District as of and for the year ended June 30, 2009, which collectively comprise the Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's basic financial statements and have issued our report thereon dated November 25, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's financial statements that is more than inconsequential will not be prevented or detected by Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This communication is intended solely for the information and use of the board of trustees, citizens' oversight committee and management of the Bakersfield City School District. It is not intended to be and should not be used by anyone other than these specified parties.
