INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Citizens' Oversight Committee
Bakersfield City School District
Bakersfield, California

We have audited the accompanying financial statements of the Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District (the District) as of and for the year ended June 30, 2010. These statements are the responsibility of the District's management. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit of the Proposition 39 General Obligation Bonds Measure G in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements for Proposition 39 General Obligation Bonds Measure G are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Proposition 39 General Obligation Bonds Measure G financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Proposition 39 General Obligation Bonds Measure G and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2010, and the changes in its financial position, or, where applicable, its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position and results of operations for the Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District as of June 30, 2010, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 1, 2010, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

PROPOSITION 39 GENERAL OBLIGATION BONDS
MEASURE G
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2010**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Accounting Policies

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and *Audits of State and Local Governmental Units* issued by the American Institute of Certified Public Accountants (AICPA).

B. Fund Structure

The Statement of Revenues, Expenditures, and Changes in Fund Balance is a statement of financial activities of the Proposition 39 General Obligation Bonds Measure G related to the current reporting period. Expenditures frequently include amounts for land, buildings, equipment, retirement of indebtedness, transfers to other funds, etc. Consequently, this statement does not purport to present the result of operations or the net income or loss for the period as would a statement of income for a profit-type organization.

C. Basis of Accounting

The Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District (District) is maintained on the modified accrual basis of accounting. As such, revenues are recognized when they become susceptible to accrual, which is to say, when they become both measurable and available to finance expenditures of the current period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered).

Cash in the County of Kern Treasury is recorded at cost, which approximates fair value, in accordance with the requirements of GASB Statement No. 31.

D. Budget

The Statement of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual includes a column titled “Budget.” The amounts in this column represent the budget adopted by the Board of Trustees and all amendments throughout the year.

E. Capital Assets and Long-Term Debt

The accounting and reporting treatment applied to the capital assets and long-term liabilities associated with the Proposition 39 General Obligation Bonds Measure G are determined by its measurement focus. The Proposition 39 General Obligation Bonds Measure G funds are accounted for on a spending or “financial flow” measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered a measure of “available spendable resources.” Thus, the capital assets and long-term liabilities associated with the Proposition 39 General Obligation Bonds Measure G are accounted for in the basic financial statements of the District.

NOTE 2 – BONDED DEBT

On November 7, 2006, the voters authorized the issuance and sale of general obligation bonds totaling \$100,000,000. On February 22, 2007, \$34,000,000 of general obligation bonds were sold under Proposition 39/Measure G which provides that proceeds of the bonds will generally be used for the acquisition, construction, furnishing, and equipping of District facilities. Interest rates vary from 4.00% to 5.25%. The final maturity is November 1, 2031.

The outstanding related bonded debt for the District at June 30, 2010, is:

<u>Date of Issue</u>	<u>Interest Rate %</u>	<u>Maturity Date</u>	<u>Amount of Original Issue</u>	<u>Outstanding July 1, 2009</u>	<u>Additions Current Year</u>	<u>Redeemed Current Year</u>	<u>Outstanding June 30, 2010</u>
2007	4.00-5.25	2032	\$ 34,000,000	\$ 33,460,000	\$ -	\$ 710,000	\$ 32,750,000

The annual requirements to amortize all bonds payable, outstanding as of June 30, 2010, are as follows:

<u>Year Ended June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
General Obligation Bonds:			
2011	\$ 840,000	\$ 1,539,837	\$ 2,379,837
2012	440,000	1,514,238	1,954,238
2013	660,000	1,492,237	2,152,237
2014	815,000	1,462,738	2,277,738
2015	985,000	1,426,737	2,411,737
2016-2020	5,160,000	6,568,188	11,728,188
2021-2025	6,255,000	5,262,593	11,517,593
2026-2030	11,865,000	2,997,875	14,862,875
2031-2032	5,730,000	290,000	6,020,000
Total	\$ 32,750,000	\$ 22,554,443	\$ 55,304,443

The bonds were issued at a premium of \$1,875,005 with issuance costs of \$752,162. The proceeds of the bond premium less issuance costs and the repayment of the debt related to the Proposition 39 General Obligation Bonds Measure G are accounted for in the District's Bond Interest and Redemption Fund which is part of the District's basic financial statements.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF THE BASIC FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Trustees
Citizens' Oversight Committee
Bakersfield City School District
Bakersfield, California

We have audited the Balance Sheet; Statement of Revenues, Expenditures, and Change in Fund Balance; and Statement of Revenues, Expenditures, and Change in Fund Balance – Budget and Actual for the Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District as of and for the year ended June 30, 2010, which collectively comprise the Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's basic financial statements and have issued our report thereon dated November 1, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This communication is intended solely for the information and use of the Board of Trustees, Citizens' Oversight Committee, and management of the Bakersfield City School District. It is not intended to be and should not be used by anyone other than these specified parties.
