## INDEPENDENT AUDITOR'S REPORT

Board of Trustees  
Citizens' Oversight Committee  
Bakersfield City School District  
Bakersfield, California

We have audited the accompanying financial statements of the Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District (the District) as of and for the year ended June 30, 2012. These statements are the responsibility of the District's management. Our responsibility is to express an opinion on these statements based on our audit.

We conducted our audit of the Proposition 39 General Obligation Bonds Measure G in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements for Proposition 39 General Obligation Bonds Measure G are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Proposition 39 General Obligation Bonds Measure G financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Proposition 39 General Obligation Bonds Measure G and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2012, and the changes in its financial position, or, where applicable, its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position and results of operations for the Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District as of June 30, 2012, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 19, 2012, on our consideration of the Proposition 39 General Obligation Bonds Measure G of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

**BAKERSFIELD CITY SCHOOL DISTRICT  
PROPOSITION 39 GENERAL OBLIGATION BONDS  
MEASURE G  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2012**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

A. Accounting Policies

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and *Audits of State and Local Governmental Units* issued by the American Institute of Certified Public Accountants (AICPA).

B. Fund Structure

The Statement of Revenues, Expenditures, and Changes in Fund Balance is a statement of financial activities of the Proposition 39 General Obligation Bonds Measure G related to the current reporting period. Expenditures frequently include amounts for land, buildings, equipment, retirement of indebtedness, transfers to other funds, etc. Consequently, this statement does not purport to present the result of operations or the net income or loss for the period as would a statement of income for a profit-type organization.

C. Basis of Accounting

The Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District (District) is maintained on the modified accrual basis of accounting. As such, revenues are recognized when they become susceptible to accrual, which is to say, when they become both measurable and available to finance expenditures of the current period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered).

The financial statements present only the Proposition 39 General Obligation Bonds Measure G and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2012, and the changes in its financial position, or, where applicable, its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Cash in the County of Kern Treasury is recorded at cost, which approximates fair value, in accordance with the requirements of GASB Statement No. 31.

D. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the District is bound to honor constraints on how specific amounts can be spent.

- *Nonspendable fund balance* – amounts that cannot be spent because they are either (a) not spendable in form or (b) legally or contractually required to be maintained intact.
- *Restricted fund balance* – amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### D. Fund Balance (Continued)

- *Committed fund balance* – amounts that can only be used for specific purposes determined by formal action of the District's highest level of decision-making authority (the California Board of Education) and that remain binding unless removed in the same manner. Committed fund balance does not lapse at year-end. The formal action must occur prior to the end of the reporting period. However, the amount which will be subject to the constraint may be determined in the subsequent period. The formal action required to commit fund balance shall be California Board of Education resolution.
- *Assigned fund balance* – amounts that are constrained by the District's *intent* to be used for specific purposes. The intent can be established at either the highest level of decision-making, or by a body or an official designated for that purpose. The Board of Education delegated authority to assign fund balance for a specific purpose to the Chief Business Official of the District.
- *Unassigned fund balance* – the residual classification for the District's General Fund that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, followed by the unrestricted committed, assigned, and unassigned resources as they are needed.

Minimum Fund Balance Policy:

The District maintains a minimum fund balance policy for the General Fund in order to protect the District against revenue shortfalls or unpredicted one-time expenditures. The policy requires a Reserve for Economic Uncertainties consisting of unassigned amounts equal to no less than three percent of General Fund expenditures and other financing uses.

### E. Budget

The Statement of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual includes a column titled "Budget." The amounts in this column represent the budget adopted by the Board of Trustees and all amendments throughout the year.

### F. Capital Assets and Long-Term Debt

The accounting and reporting treatment applied to the capital assets and long-term liabilities associated with the Proposition 39 General Obligation Bonds Measure G are determined by its measurement focus. The Proposition 39 General Obligation Bonds Measure G funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered a measure of "available spendable resources." Thus, the capital assets and long-term liabilities associated with the Proposition 39 General Obligation Bonds Measure G are accounted for in the basic financial statements of the District.

### G. Recent Accounting Pronouncements

The District has reviewed all recently issued accounting pronouncements and does not believe the adoption of any such pronouncements may be expected to cause a material impact on the District's Proposition 39 General Obligation Bonds Measure G financial condition or results of its operations. Various accounting standards and interpretations were issued during the fiscal year ended June 30, 2012, with effective dates subsequent to June 30, 2012. The District has evaluated the recently issued accounting pronouncements that were issued during the fiscal year ended June 30, 2012, and believe none of them will have a material effect on the District's Proposition 39 General Obligation Bonds Measure G financial position, results or operations, or cash flows when adopted.

## NOTE 2 – BONDED DEBT

On November 7, 2006, the voters authorized the issuance and sale of general obligation bonds totaling \$100,000,000. On February 22, 2007, \$34,000,000 of general obligation bonds were sold under Proposition 39 Measure G which provides that proceeds of the bonds will generally be used for the acquisition, construction, furnishing, and equipping of District facilities. Interest rates vary from 4.00% to 5.25%. The final maturity is November 1, 2031.

The outstanding related bonded debt for the District at June 30, 2012, is:

Date of Issue	Interest Rate %	Maturity Date	Amount of Original Issue	Outstanding July 1, 2011	Additions Current Year	Redeemed Current Year	Outstanding June 30, 2012
2007	4.00-5.25	2032	\$ 34,000,000	\$ 31,910,000	\$ -	\$ 440,000	\$ 31,470,000

The annual requirements to amortize all bonds payable, outstanding as of June 30, 2012, are as follows:

<u>Year Ended June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
General Obligation Bonds:			
2013	\$ 660,000	\$ 1,492,237	\$ 2,152,237
2014	815,000	1,462,738	2,277,738
2015	985,000	1,426,737	2,411,737
2016	725,000	1,392,538	2,117,538
2017	900,000	1,360,037	2,260,037
2018-2022	5,705,000	6,103,225	11,808,225
2023-2027	8,340,000	4,530,356	12,870,356
2028-2032	13,340,000	1,732,500	15,072,500
Total	<u>\$ 31,470,000</u>	<u>\$ 19,500,368</u>	<u>\$ 50,970,368</u>

The bonds were issued at a premium of \$1,875,005 with issuance costs of \$752,162. The proceeds of the bond premium less issuance costs and the repayment of the debt related to the Proposition 39 General Obligation Bonds Measure G are accounted for in the District's Bond Interest and Redemption Fund which is part of the District's basic financial statements.

## NOTE 3 – SUBSEQUENT EVENTS

On July 12, 2012, the District issued 2012 Series B, C, and D Bonds in the amounts of \$18,050,000, \$16,146,619, and \$1,090,000, respectively, maturing between 2013 and 2047 with an average interest rate of 4.99% under and pursuant to a bond authorization (the "Authorization") for the issuance and sale of not more than \$100,000,000 of general obligation bonds approved by more than 55% of the voters of the District voting at an election held on November 7, 2006. The Bonds are the second, third, and fourth series issued under the Authorization, after which \$30,713,381 of the District's Authorization will remain for issuance of subsequent series of the District's 2006 Election general obligation bonds. The Bonds are issued on a parity with all general obligation bonds of the District, including future general obligation bonds issued under the remaining Authorization. The Series B Bonds and the Series D Bonds were issued as current interest bonds, the interest on which is payable semiannually on May 1 and November 1, commencing on May 1, 2013. The Series C Bonds were issued as convertible capital appreciation bonds, which are issued initially as capital appreciation bonds, but on the conversion date of May 1, 2033, convert to Current Interest Bonds. Proceeds from the sale of the Series B and the Series C Bonds will be used for the acquisition, construction, furnishing, and equipping of District facilities.

We have audited the Balance Sheet; Statement of Revenues, Expenditures, and Changes in Fund Balance; and Statement of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual for the Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District as of and for the year ended June 30, 2012, which collectively comprise the Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's financial statements and have issued our report thereon dated November 19, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

Management of the Bakersfield City School District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's internal control over financial reporting.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

REGISTERED with the Public Company  
Accounting Oversight Board and  
MEMBER of the American Institute of  
Certified Public Accountants

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Proposition 39 General Obligation Bonds Measure G of the Bakersfield City School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Trustees, Citizens' Oversight Committee, and management of the Bakersfield City School District. It is not intended to be and should not be used by anyone other than these specified parties.
