ADJUSTING READING PRACTICE GOALS

Log in - click on the orange Accelerated Reader box -Click on Reports - Click on Reading Practice Goals- adjust as needed.

UNDERSTANDING READING PRACTICE GOALS

Click on Diagnostic Summary Reading Practice –(make sure Marking Period 2 - Dates– 10/17-12/16) are selected. Click View Report - Look at two things: % Correct and Points % of Goal. Students should be at 80% of % Correct (this means they are understanding what they read) and % of Goal can range but needs to 100% by December 16th (the last day of Marking Period 2). Look also at the Zone where they are taking their quizzes: are they testing within their zone to challenge themselves as a reader, or quizzing at any level just to get a maximum number “points...”

STAR for Quarter 3

Remember, only students who have a reading vocabulary of at least 100 words should take the STAR Reading test. If it is taking longer than 30 minutes, it is not recommended for a tool to assess reading levels. The focus for those children should be on early literacy and not on quizzing.

Please also Note: AR is different from Guided Reading. GR teaches a child to use strategies to learn how to read. AR is proof of practice of those strategies.
